

KLOVE radio is very important to me and my family. I even have a 12year old grandson that listens. There is almost no music and message like it on the radio anywhere. We as a family, cummunity, and nation need the positive and encouraging message that KLOVE provides for us. We are very proud sponcers of the station. I also travel to Wyoming and Nebraska and if the signal is there, I listen.

This station is vital to our way of life. I pray that it contunues
